# Spring 21

22/01/21 or 04/03/21	KS3 computing for the non-specialist teacher
04/02/21	Python programming: working with data
05/02/21	Introduction to computer systems, networking and security in GCSE computer science
11/03/21	Representing algorithms using flowcharts and pseudocode
18/03/21	The internet and cyber security

## Benefits for you and your school

Your staff receive excellent CPD based on sound methodology containing practical hints and tips

State-funded schools and colleges are entitled to generous **bursaries**.

The bursaries can be used to cover costs associated with CPD, including supply cover and travel, or to implement improvements in your computing offer

## How do you access the bursaries?

- Each teacher registers at [www.teachcomputing.org](http://www.teachcomputing.org)
- Enrol on **Computer Science Accelerator Programme**
- Bursary amounts will be confirmed for 20/21 by the DfE shortly.

Independent schools please contact us for further details.
