

Primary Science Remote Network and Conference

This Primary Science Remote Network is suitable for all teachers of Primary Science. The network sessions will be taking place once per half term on the following dates in 2022 and 2023.

October 3rd 2022
November 7th 2022
January 9th 2023
March 13th 2023
May 8th 2023
June 12th 2023

Booking this full network with Conference will entitle you to 50% off any further CPD sessions.

Outcomes

- work collaboratively to lead and support the Primary Science curriculum in your school
- work collaboratively to identify priorities in science teaching and learning and in science-specific professional development for your teams
- share and develop strategies to tackle these issues, drawing on expertise as needed from outside the network

98% of those asked about the CPD in Science Learning Partnerships said the activity had improved their confidence, knowledge and skills

National STEM Learning network:

Date: Dates all session dates are listed above
Sessions run from **15.30-17.00**

Location: All delivered remotely
via MS teams

Primary Science Remote Network

This Primary Science Remote Network is suitable for all teachers of Primary Science. The network sessions will be taking place once per half term on the following dates in 2022 and 2023.

October 3rd, 2022
November 7th, 2022
January 9th, 2023
March 13th, 2023
May 8th, 2023
June 12th, 2023

Our first session in October will cover curriculum leadership pointers for the start of the year, including action planning and curriculum mapping. It will also be an opportunity for the group to discuss the aims of the network over the academic year, building on school priorities in order to decide a focus for each session to best meet need. We hope to see you on 3.10.22.

Outcomes

- work collaboratively to lead and support the Primary Science curriculum in your school
- work collaboratively to identify priorities in science teaching and learning and in science-specific professional development for your teams
- share and develop strategies to tackle these issues, drawing on expertise as needed from outside the network
